Contemporary Family Trends (CFT) is a special collection of documents written by Canadian experts on a wide range of issues facing today's families. CFT papers are descriptive, interpretative, and provide a

### **Changing Families, New Understandings**

Families are changing Families have changed over the past thirty years. This chapter provides an overview of the changes in family formation, household structure, work-life balance, and child well-being. Fertility rates have been persistently low in many OECD countries leading to smaller families. With marriage rates down and divorce rates up, there are an increasing number of children ...
