–Can Computers Become Conscious?– Scott Aaronson Stillwater, Minnesota, May 14, 2016. I should start by explaining that, in the circles where I hang out–computer scientists, software developers, AI and machine learning researchers, etc.–the default answer to the title question would be –obviously yes.–

Friedrich Nietzsche (1844–1900) was a German philosopher and cultural critic who published intensively in the 1870s and 1880s. He is famous for uncompromising criticisms of traditional European morality and religion, as well as of conventional philosophical ideas and social and political pieties associated with modernity.
