Curcumin is a constituent (up to ~45%) of the traditional medicine known as turmeric. Interest in the therapeutic use of turmeric and the relative ease of isolation of curcuminoids has led to their extensive investigation. Curcumin has recently been classified as both a PAINS (pan-assay interference compounds) and an IMPS (invalid metabolic ...

Joule has come out of stealth mode with a roar over the past 18 months, and CEO Bill Slms, while managing expectations for the early-stage company, has been attracting waves of support for the company's fuel from thin air technology that converts sunlight, CO2 and water directly into drop-in renewable fuels as well as ethanol and other bio-based materials. Other groups are working on ...
