Imagination is the ability to produce things, peoples and clubs in the mind without any immediate input of the senses (such as seeing or hearing). It is also described as the forming of experiences in the mind, which can be recreations of past experiences such as vivid memories with imagined changes or that they are completely invented ...

This text draws together a wide variety of research that makes up the study of inter-organizational relations (IOR). It includes many empirical settings and a range of disciplinary and theoretical bases as well as several specific topic areas.

## **Introducing Inter-organizational Relations - Oxford Handbooks**

This distribution neutralizes luck (not necessarily uniquely: there may be other luck-neutralizing distributions). Adam and Dorothy, who despite different levels of talent put in the same amount of effort, get the same level of reward.

## **Justice and Bad Luck (Stanford Encyclopedia of Philosophy)**

Human resource management (HRM), the management of work and people towards desired ends, is a fundamental activity in any organization in which human beings are employed. It is not something whose existence needs to be elaborately justified: HRM is an inevitable consequence of starting and growing an organization. This article focuses on the ...
