Benefits of Open Systems View of Organizations Today, consultants and clients are learning to more clearly recognize the various parts and processes of an organization, and, in particular, their inter-relationships and alignment, for example, the coordination between the Board and the Chief Executive Officer, or integration between the Strategic Plan and other plans. Understanding of inter ...

Benefits of Open Systems View of Organizations

A social unit of people that is structured and managed to meet a need or to pursue collective goals. All organizations have a management structure that determines relationships between the different activities and the members, and subdivides and assigns roles, responsibilities, and authority to carry out different tasks.
