Fire class is a term used to denote the type of fire, in relation to the combustion materials which have (or could be) ignited. This has onward impacts on the type of suppression or extinguishing materials which can be used. Class letters are often assigned to the different types of fire, but these differ between territories.

The Burning of Washington was a British invasion of Washington, D.C., the capital of the United States, during the War of 1812. On August 24, 1814, after defeating the Americans at the Battle of Bladensburg, a British force led by Major General Robert Ross burned down buildings including the White House (then called the Presidential Mansion ...
