Relationship between Government and Business Organizations

Sustainable development: a business definition The concept of sustainable development has received growing recognition, but it is a new idea for many business executives. For most, the concept remains abstract and theoretical. Protecting an organization's capital base is a well-accepted business principle. Yet organizations do not generally recognize the possibility of extending this notion ...

Public Administration The Business of Government by Jose

The Oxford Handbook of Business and Government analyses the relationship between business and government from a number of different disciplinary perspectives. Business is one of the major power centres in modern society. The state seeks to check and channel that power so as to serve broader public policy objectives. However, if the way in which business is governed is ineffective or over burdensome, it may become more difficult to achieve desired goals, such as economic growth or higher ...
