The Christian Response (Logos Books) by Michel Quoist

The First Christian Response to Origin of Species in America. Darwin did not invent the idea of evolution. By the time The Origin of Species was published, the idea of evolution in many natural processes was already popular, and the term development was used in its place for discussions of society's change or the history of the solar system. 2 What's more, it was widely accepted that the ...

How have Christians responded to Darwin's "Origin of Species"?

Overview. Around the world, Christian churches face the challenge of folk religions. Missionaries brought formal Christianity and assumed that traditional religions would die out as the Gospel displaced animistic beliefs and practices.
