This volume marks the completion of the Collected Writings. The general index to the edition is designed to allow those interested in the development of Keynes's thought, and those interested in the history of economic thought more generally, to trace the development of his ideas throughout his career.

THE COLLECTED WRITINGS OF A. P. CECIL

Collected Writings of Rousseau Although Jean-Jacques Rousseau is a significant figure in the Western tradition, there has been no standard edition of his writings available in English. Unlike those of other thinkers of comparable stature, moreover, many of Rousseau's important works either have never been translated or have become unavailable. These 14 volumes comprising The Collected Writings of Rousseau intend to remedy this situation.

The Basic Writings of Bertrand Russell was first published in 1961. Although Russell wrote a preface for it, he had no hand in selecting its contents; that daunting task fell to its editors, Robert Egner and Lester Denonn. The importance of the book lies in the picture it gives of Russell's broad and diverse interests. If any twentieth-century author is a polymath, then Russell is one. Just ...
