

the difficulty in translating pdf

Relative to their overall performance in mathematics, students in the United States are stronger in interpreting mathematical results than they are at formulating a real-world problem into mathematics.

Program for International Student Assessment (PISA) - OECD

Translation is the communication of the meaning of a source-language text by means of an equivalent target-language text. The English language draws a terminological distinction (not all languages do) between translating (a written text) and interpreting (oral or sign-language communication between users of different languages); under this ...
