The History Manifesto is a call to arms to historians and everyone interested in the role of history in contemporary society. Leading historians David Armitage and Jo Guldi identify a recent shift back to longer-term narratives, following many decades of increasing specialization, which they argue is vital for the future of historical scholarship and how it is communicated. This provocative and thoughtful book makes an important intervention in the debate about the role of history and the ...

Historiography is the study of the methods of historians in developing history as an academic discipline, and by extension is any body of historical work on a particular subject. The historiography of a specific topic covers how historians have studied that topic using particular sources, techniques, and theoretical approaches. Scholars discuss historiography by topic – such as the "historiography of the United Kingdom", the "historiography of Canada", "historiography of the British Empire ...

History is the study of the human past as it is described in the written documents left by human beings. The past, with all its decisions completed, its participants dead and its history told, is what the general public perceives as the immutable bedrock on which we historians and archaeologists stand.
